THE AGENDA

Their Vision | Your Future

Produced by Mark Sharman – Edited by Phil Wiseman

Premiered on 4th June 2025

THE AGENDA - a full length documentary produced by Mark Sharman, former ITV and BSkyB broadcasting director featuring top climate scientists, researchers, academics, financial experts, and investigative journalists, all brought together in this ground breaking movie to expose the global elite's anti-humanist agenda like never before. Our future, and our children's future is made clear if we fail to act - trapped in the smart cities of the future.

A digital prison, run by AI and with no chance of escape
